1 1 Section 1. OUT=OF=STATE FOSTER CARE PLACEMENT ==== LOCAL
1 2 SERVICES APPROACH.
1 3 1. For the purposes of this section, unless the context
1 4 otherwise requires:
1 5 a. "Department" means the department of human services.
1 6 b. "Foster care" means any out=of=home placement of a child
1 7 in accordance with a court order entered under chapter 232 or
1 8 by agreement with the department.
1 9 c. "Foster care placement outside of this state" means
1 10 a foster care placement to which all of the following
1 11 circumstances are applicable:
1 12 (1) The location of the placement is outside of this state.
1 13 (2) The cost of the placement and the services associated
1 14 with the placement exceed the maximum amount payable under this
1 15 state's reimbursement limitations for a child with similar
1 16 needs in a foster care placement and the services associated
1 17 with the placement in this state.
1 18 2. For the fiscal year beginning July 1, 2011, the
1 19 department shall implement a local services approach in
1 20 accordance with the section. In the local services approach,
1 21 if a child from an area is in a foster care placement outside of
1 22 this state or the department is considering recommending such a
1 23 placement for a child, the department shall provide foster care
1 24 providers in the area with an opportunity to provide a level
1 25 of services comparable to the level of services necessitating
1 26 the placement outside this state. Under the local services
1 27 approach, in lieu of the reimbursement limitations otherwise
1 28 applicable to the foster care placement and associated services
1 29 for the child in this state, the cost of the placement and the
1 30 services associated with the placement shall not exceed the
1 31 lower of the following amounts:
1 32 a. The cost of the foster care placement outside of this
1 33 state and the services associated with the placement.
1 34 b. The average cost of foster care placements outside this

2 2 3. The department shall provide progress reports on
2 3 the local services approach to the members of the joint
2 4 appropriations subcommittee on health and human services, other
2 5 interested legislators, and the legislative services agency
2 6 during the 2012 legislative session and shall submit a final
2 7 report by December 14, 2012.

2 8 EXPLANATION

2 9 This bill requires the department of human services to
2 10 implement a local services approach for addressing child foster
2 11 care and associated services provided outside this state during
2 12 fiscal year 2011=2012.

2 13 The bill defines "foster care" to mean any out-of-home
2 14 placement of a child in accordance with a court order entered
2 15 under Code chapter 232 or by agreement with the department. A
2 16 foster care placement outside this state is one in which the
2 17 cost of the placement and the services associated with the
2 18 placement exceed the maximum amount payable under this state's
2 19 reimbursement limitations for a child with similar needs in
2 20 a foster care placement and the services associated with the
2 21 placement in this state.

2 22 In the local services approach, if a child from an area
2 23 is in a foster care placement outside of this state or the
2 24 department is considering recommending such a placement for
2 25 a child, the department is required to provide foster care
2 26 providers in the area with an opportunity to provide a level
2 27 of services comparable to the level of services necessitating
2 28 the placement outside this state. In lieu of the reimbursement
2 29 limitations otherwise applicable to the foster care placement
2 30 and associated services for the child in this state, the cost
2 31 of the services cannot exceed the lower of the following: the
2 32 cost of the foster care placement outside of this state and
2 33 the services associated with the placement or the average cost
2 34 of foster care placements outside this state and the services
2 35 associated with such placements during the previous fiscal

1 18 the commissioner to retabulate the ballots using the automatic
1 19 tabulating equipment. The same program used for tabulating the
1 20 votes on election day shall be used at the recount unless the
1 21 program is believed or known to be flawed.

1 22 c. The ballots shall be resealed by the recount board
1 23 members before adjournment and shall be preserved as required
1 24 by section 50.12. At the conclusion of the recount, the
1 25 recount board shall make and file with the commissioner a
1 26 written report of its findings, which shall be signed by at
1 27 least two members of the recount board. The recount board
1 28 shall complete the recount and file its report not later than

2 2 EXPLANATION

2 3 This bill provides that the county commissioner of

3 23 invalidated by the enactment of this Act and shall be processed
3 24 according to the provisions of the law under which they were
3 25 authorized.

3 26 EXPLANATION

3 27 This bill authorizes and restricts the use of automated
3 28 traffic enforcement (ATE) systems by state and local highway
3 29 authorities.

3 30 The bill defines "automated traffic enforcement system" as
3 31 a device with one or more sensors working in conjunction with
3 32 at least one of the following: an official traffic=control
3 33 signal at an intersection, an official traffic=control signal
3 34 at a railroad grade crossing, or a speed measuring device. An
3 35 ATE system records images of vehicles violating an associated

House File 549 - Introduced continued

4 1 traffic=control signal or a speed limit. The definition
4 2 includes within its scope devices known as "red light cameras"
4 3 and "speed cameras".
4 4 The bill authorizes the use of ATE systems in conjunction
4 5 with official traffic=control signals or for the enforcement of
4 6 speed limits pursuant to municipal or county ordinance.
4 7 A local authority is required to post signs giving notice of
4 8 the use of an ATE system on the approach to each location where
4 9 an ATE system is in use. The signage must be in conformance
4 10 with the uniform system adopted by the state. The bill
4 11 specifies that signs giving notice of an ATE system being used
4 12 for speed limit enforcement must be positioned or posted at
4 13 a distance in advance of the ATE system which would provide
4 14 adequate notice to a motor vehicle operator travelling at the
4 15 speed limit before entering the range of the ATE system.
4 16 The bill requires that recorded images produced by an ATE
4 17 system showing a violation of a posted speed limit or an
4 18 official traffic control signal must be reviewed by a peace
4 19 officer of the local law enforcement agency to affirm that
4 20 the violation occurred and the identity of the motor vehicle
4 21 involved in the violation. A notice of a fine or citation
4 22 issued to the owner of the motor vehicle must include an
4 23 affidavit bearing the written or electronic signature of the
4 24 peace officer and a statement, in bold type, regarding the
4 25 process for appealing the fine. The notice or citation must be
4 26 mailed to the owner within 30 days following the occurrence of
4 27 the violation, as evidenced by the postmark.
4 28 The bill imposes limits on the fine amounts that may be
4 29 charged by a local authority for ATE violations and prohibits
4 30 a local authority from charging administrative costs in
4 31 addition to a fine. The fine for a violation of an official
4 32 traffic=control device is limited to \$50. For a speeding
4 33 violation, the fine cannot exceed the amount of the fine set
4 34 out in Code section 805.8A for an equivalent speeding violation
4 35 charged as a scheduled violation. Speeding fines are also

5 1 subject to the limitation under current law, which restricts
5 2 penalties for violation of a local ordinance to not more than
5 3 the penalty for a simple misdemeanor, currently capped at \$625.
5 4 The bill requires a local authority using an ATE system to
5 5 file an annual report with the department of public safety
5 6 comparing the type and rate of accidents that occurred at each
5 7 ATE system location for the two previous years. The report
5 8 is to be kept on file by the local authority for use by its
5 9 governing body in evaluating public safety improvements under
5 10 the ATE program.
5 11 The bill provides that notices mailed or citations issued of
5 12 violations committed prior to the effective date of the bill,
5 13 pursuant to a local ordinance, are not invalidated by the bill
5 14 and remain enforceable.
